“Clients know that I make myself available to assist them whenever a new issue or question arises. Maintaining an open line of communication is key to developing positive, long-term relationships with clients.”

Justin Hebenstreit is a member of the firm’s financial services department, advising banks, credit unions, fintech companies and other financial institutions. Justin has experience providing advice to public and private companies regarding securities offerings, regulatory compliance, mergers and acquisitions, and other business transactions. Justin has represented regional and community banks, public and private companies, investment advisers, and registered investment companies, and has significant experience preparing registration statements, annual reports, proxy statements and other regulatory filings, drafting legal opinions, and negotiating agreements.

Justin is licensed to practice in Oregon, New York, California, and Massachusetts, and he previously practiced at the New York office of Skadden, Arps, Slate, Meagher & Flom LLP and the Boston office of Ropes & Gray LLP, where he represented multinational investment management companies, public and private companies, and other financial institutions.
